

Between Utmost Fake and Fuckmost Make

Notes of the Time Machine Navigator Phila, alias Philipp Sonntag
after visiting the precursor of civilization on planet Earth.

How we cause all those “cant’s”
For both, animals and plants!
Their earsplitting protest claims
Are full of bitter complaints.

Men at’n animal congress
Are just utterly speechless.
They ass-olutly fuck-got:
What men do, is far too odd.

Worst is Trump with his crimes,
As “Greatest Of All Times”,
Supreme AutocraT of All Nations
With his utmost revelations.

But in USA how might he
Barking aloud full of glee
Tell how abundant shopping
Is quite distinct from Chopin?

Provoking dear Selenskyj
Fuckmost outrageously:
A backlash that happens
As “payback” after weapons

Better love your neighbor – the devil
Thus he may delete that fuckmost evil.
Thus you may well surprise
Most angels in paradise.

Then what to do next, full of glee?
Go to a jungle, climb a tree;
There you embrace as a pimp
The very next chimp!
